TECHNICAL SKILLS

- Programming: Java, C#, Python, React
- Databases: SQL
- Concepts: Data Structures

INTERESTS

- Backend Development
- Artificial Intelligence
- Learning new programming languages
- Frontend Development
- Object Oriented Programming

PROFILE

I was born in Denizli in 2000. I am a 3rd-year Computer Engineering student with strong skills in Java and C#.

I am also working on improving myself in React and Python. I am passionate about technology, constantly seeking to improve, and open to teamwork and learning. You can also check out my projects on GitHub, where I regularly share what I've been working on.
